### **REQUEST FOR FORMAL WRITTEN PRICE QUOTATIONS FOR WATER SERVICES DEPARTMENT PROJECTS**

Harry Gwala District Municipality hereby requests proposals from suitably experienced services providers for the appointment of consultants for the water services department project.

#### **DETAILED SCOPE OF WORK**

The main purpose of the project is to review water safety plan and conduct the process audits for Water Treatment Works listed below in order to ensure the improved performance of these systems. The project's focus should be on the functionality of each unit of the treatment works, administration, water quality and effluent quality. With water safety plan, the description should cover the whole system from the catchment, head of works to consumer point (covering design type, treatment processes and distribution). The project will assist the municipality in ensuring that the treatment works is functioning to its maximum capacity. With water treatment works process audits, the quality of water will improve and less water quality failures will be logged on IRIS (Blue Drop System). Recommendations from water treatment works process audits will be incorporated into the IDP in a form of O&M projects.

Scope of work for Process Audits includes the following:

- ✓ Overview of the treatment works
- ✓ Plant performance assessment.
- ✓ Water quantity/demand assessment
- ✓ Water Quality assessment
- ✓ Unit process evaluation
- ✓ Detailed design assessment.
- ✓ Operations, maintenance and administration assessment.
- ✓ Process controller evaluation/ assessment.
- ✓ Priority of performance limits factors-guidelines.
- ✓ Recommendations
- ✓ Time-bound Implementation plan

For Water Safety Plan, the review must cover the following but not limited to:

- ✓ System Description
- ✓ System Hazard Identification and Risk Assessment
- ✓ Monitoring Programme
- ✓ Incident Management Plans/Protocol
- ✓ Action Plan, time bound and costed Implementation Plan

Below is the list of treatment works to be subjected to process auditing and water safety plans to be reviewed.

1. Kokstad
2. Franklin
3. Underberg
4. St Apolaris
5. Creighton
6. Bulwer
7. Mqatsheni
8. Hlanganani

**The Consultant should also note the following:**

- The project time frame is four (04) months from the date of appointment.
- Both Process Audits and Water Safety Plan Documents are to be submitted in a soft and hard copy format. Appointed Service Provider will be required to attend inception meeting and report progress to a team of officials from Water Services, BTO and Corporate Services.

**NB:** In the case whereby the appointed consultant appoints the services of other consultants or sub-contractors, the appointed consultant will take responsibility of the work of the sub-contractors.

**NB: Specifications for all respective projects are attached.**

**Invalid or non-submission of the following documents will lead to immediate disqualification of the tender:**

- Valid tax clearance certificate or SARS pin
- Central Supplier database registration

**The following conditions will apply:**

- Prices quoted must be firm and must be inclusive of VAT (if applicable).
- All quotations submitted shall be valid for 30 days after the tender closing date.
- A signed MBD4 form must be submitted with all Bids (available on our website and reception).
- 80/20 Preference points system will be used in Evaluation.
- Your company must be registered on municipal database and central supplier database.
